

Two Acquitted
Nazis Spirited
From Prison
To Hideouts

Nuernberg, Oct. 5 (AP) — Hjalmar Schacht and Hans Fritzsche were spirited out of the Palace of Justice jail during the night and hidden from the public in private residences in downtown Nuernberg.

The two were "protected" by American and German police, who had orders from the American Military government to keep visitors away from their refuge.

The former Nazi financier and radio broadcaster were released without advance notice shortly before midnight and whisked in jeeps to homes obtained for them by United States army authorities.

Schacht, Fritzsche and Hanz Von Papen, one-time Nazi diplomat, were acquitted Tuesday by an international military tribunal which convicted 19 other high Nazis here of war crimes, sentencing 12 to hang.

New Trials Proposed
In Bremen, the highest German political officials of the British and American occupation zones proposed formally today that the three defendants acquitted of war crimes in Nuernberg be tried by a German court on a charge of "crimes against the German people."

The proposal was put forward in a resolution adopted unanimously at a German unification conference attended by minister presidents from the two zones. Officials from the Russian and French zones were invited but did not attend.

The resolution said the conference was of the opinion that the Nuernberg tribunal had tried the defendants on the basis of international but not domestic crimes.

It asked that a high German court, representative of all four occupied zones, be established to try the three men under existing German law.

Clemency pleas were filed for Hermann Goering, Walter Funk, Karl Doenitz, Arthur Seyss-Inquart, Alfred Gustav Jodl, Joachim von Ribbentrop and the SD (spy organization) just before the 3:45 p. m. deadline today.

PINCHOT, TWICE
PENNSYLVANIA'S
GOVERNOR, DIES

New York, Oct. 5 (AP)—Gifford Pinchot, 81, twice governor of Pennsylvania and an expert on forestry, died last night in Columbia Presbyterian Medical Center here.

Pinchot, ill for some time, had been in the hospital for a week. His wife was with him when he died at 10:30 p. m. (EST).

Pinchot gained national prominence as a supporter of President Theodore Roosevelt's conservation program. He was chief of the Federal Department of Conservation under Roosevelt and President Taft.

Beaten for Senate
As a member of the famous Theodore Roosevelt "tennis" cabinet, Pinchot helped his friend launch the progressive organization which split the Republican party. He continued to espouse those principles long after the split had healed.

Pinchot served as governor of Pennsylvania from 1923 to 1927 and from 1931 to 1935. His political campaign technique resembled that of Theodore Roosevelt.

He ran twice for the United States Senate and was beaten. Ill health forced him to abandon a third try.

He was born in Simsbury, Conn., August 11, 1865. He prepared for college at Phillips Exeter academy and then took the forestry course at Yale, where he was graduated in 1889. Training in forestry in foreign countries followed.

Outdoors Enthusiast
He married Cornelia Elizabeth Bryce, daughter of Lloyd Stevens Bryce, former American minister to The Netherlands. They had one son, Gifford Bryce Pinchot.

A lover of the outdoors, Pinchot was a fishing and canoeing enthusiast. In 1929 he sailed a schooner yacht to the Galapagos islands in the Pacific where a number of specimens were obtained for the National Museum.

He was a member of numerous scientific associations and wrote several books on forestry. He received honorary degrees from Yale, Princeton, Michigan Agricultural college and McGill university.

Harrisburg, Oct. 5 (AP)—Governor Martin, appraised of the death of former Governor Gifford Pinchot, said today "a colorful and hard fighter of the old school has passed from the arena."

"While we differed on political philosophy yet we were always personal friends," said the governor, a Republican. "Mrs. Martin and I extend our sincere condolences."

ROTARY SPEAKERS
Earl Godshalk, Lancaster, governor of Rotary district No. 181, of which the local club is a member, will be the speaker Monday evening at the regular meeting of the Gettysburg Rotarians at the YWCA at 6 o'clock. He will speak on "Rotary In the Post-War World."

PRICE THREE CENTS

250 ATTENDING
3-DAY REUNION
OF SIGMA CHI

Dr. Henry W. A. Hanson, president of Gettysburg college, was the speaker Friday night at the opening session of the three day reunion of Theta Chapter of the Sigma Chi fraternity of the college being held this week-end.

More than 250 members of the organization and about 75 of their ladies have arrived so far to attend the reunion. The members present so far include men from the classes between 1904 and 1946 and additional persons are expected later today, officials announced.

While the men gathered for the smoker at the Sigma Chi house, Carlisle street, Friday night for their opening session, the women met at the Hotel Gettysburg under the leadership of Mrs. James L. Hafer.

Attend Football Game
This morning the group was gathered at Christ Lutheran church for a formal meeting of the fraternity. Following luncheon at noon today at St. James Lutheran church the group will attend the Gettysburg-Western Maryland football game at the college grounds.

Prof. Henry S. Brunner, Pennsylvania State college, praetor of the West Pennsylvania-West Virginia province was the speaker at the noon luncheon today.

An entire section of the bleachers on the football field has been reserved for the group at this afternoon's game.

This evening, starting at 9 o'clock, the "Sweethearts of Sigma Chi" will be honored at an informal dance to be held at the Hotel Gettysburg. Eddie Debs' orchestra of York will provide the music.

Memorial Service
Sunday morning a memorial service will be held at the Brua Chapel at 10:30 o'clock in honor of four members who died during World War II. Howard W. Hinkley, of the local Theological seminary will be the speaker for the memorial program. The prelude will include an organ recital by M. E. Raup, Chicago and a vocal solo, "The Lord's Prayer" by Eric H. Sigmar, Vancouver, B. C.

Norbert H. Stracker, Jr., Wilmington, Del., chairman of the reunion committee, will give the tribute to the three gold star brothers and one pledge.

Judge W. C. Sheely will be the toastmaster at the reunion banquet scheduled for the Hotel Gettysburg at noon Sunday. The speaker will be Attorney Robbin B. Wolf, Pittsburgh.

Baby Beef Club
Makes 1947 Plans

A meeting of the 4-H Baby Beef club was held Friday night at the home of Mervin Appller, Hanover R. 1, at which club members, parents and club leaders discussed procurement of feeder calves for the coming year.

Ira Dunmire, assistant county farm agent, announced that it will be necessary to know by October 15 the exact number of members who wish to purchase calves for 1947.

All parents and boys and girls between 10 and 20 interested in the 4-H Baby Beef club are requested to see the county agent and are urged to attend a meeting at the court house Tuesday evening, October 15 at 8 o'clock.

The club now has 15 members. The annual round-up will be held at Lancaster December 10-12.

Two Divorce
Decrees Granted

A divorce decree was signed today by Judge W. C. Sheely in favor of Dorothy H. Wicker, Washington street, against her husband, Melvin Wicker, Philadelphia. Desertion was charged. The couple was married June 14, 1939.

A decree signed by Judge Fred S. Reese, Cumberland county, in favor of Raymond M. Starr, York Springs R. 2, against Lillian G. Sowers Starr, Latimore township, was filed in the office of the prothonotary today. The couple was married May 8, 1930. The charge was desertion. Judge Reese acted in place of Judge Sheely.

VISITOR FINED
A California man, visiting in Gettysburg, Raymond Earl Peterson, San Diego, was arrested by Borough Police Officer Clark W. Staley at 8:45 p. m. Friday on a charge of driving the wrong way around Center Square. He was fined \$10 and costs by Justice of the Peace John H. Basehore. A similar fine was imposed on a charge of making unnecessary noise from the muffler on Peterson's car.

RELIEF PAY RISES
Direct relief payments to needy residents of Adams county for the week ending Friday totaled \$451.70, an increase of \$25.50 over the previous week, Ramsey S. Black, state treasurer, announced today.

Graduates

Miss Margaret Heyser (below), daughter of Mr. and Mrs. Charles E. Heyser, Gettysburg R. 5, was graduated recently from the Garfield Memorial hospital in Washington, D. C., where she is continuing nursing duties. She is a graduate of Gettysburg high school in the class of 1943.

PLANNING UNIT
MAY BE FORMED
IN GETTYSBURG

The educational illustrated talk to be given by A. O. Rasmussen, state college extension specialist on the work done in other communities in the state to push the "city beautiful" idea may lead to creation of a community committee here to discuss with borough officials the possibility of establishing a planning group, a spokesman for the Gettysburg Religious Laymen's association said today.

Mr. Rasmussen will show slides on the work done in beautifying homes and public buildings in other communities Sunday evening at a meeting sponsored by the laymen's group to be held in the fire engine house at 8:30 o'clock.

Everyone in the community interested either in beautifying his own home or in backing a community educational project is urged to attend Sunday night's session at the engine house.

Members of the laymen's group said today that with the great amount of building planned in the community when materials and men are available, a large number of persons will be interested in the pictures and talk of Mr. Rasmussen, who for the past 17 years has been engaged in the work of aiding persons in improving the looks of their homes or public buildings and in landscaping their establishments.

Because one series of the pictures will show a program of city beautification carried out in a nearby city through the cooperation of merchants and organizations it is hoped that representatives will be present Sunday night from all local organizations, the spokesman said.

Restaurants May
Raise Meat Prices

Washington, Oct. 5 (AP)—Restaurant owners accepted with satisfaction today OPA's decision that they may increase prices of meat meals up to 15 per cent next Thursday.

Walter F. Clark, president of the National Restaurant Association, predicted that now they had made their point, many will not take advantage of the full increase.

"Only in some cases where restaurants have had to absorb higher costs will they be passed on to the consumer," Clark said. But he expressed gratification that "we have been able to show OPA some adjustment was necessary."

In abandoning its attempt to hold the price of meat meals at the June 30 level, OPA announced late yesterday it had acted "to restore the prices of restaurant meat offerings to their normal relationship to the prices of other meats."

CHILE MISSION

Washington, Oct. 5 (AP)—Five American war ships, including the super battleship Wisconsin, will go to Chile for the inauguration of President-elect Gabriel Gonzalez Videla November 4-5. The Navy announced today that in addition to the 45,000-ton Wisconsin the group will include the 27,000-ton carrier Leyte and the destroyers Massey, Douglas H. Fox and Joseph P. Kennedy.

120 MISSING

Ponta Delgada, Azores, Oct. 5 (AP)—One hundred and twenty fishermen were reported missing today at the island of Santa Maria in the wake of a 98-mile-an hour typhoon which destroyed 12 fishing vessels, two port tugs and several launches. Four fishing boats were missing.

URGES VETS TO
USE GUIDANCE
CENTER'S HELP

Vets who decide to change courses, jobs or schools while in training under Public Law 346, will be required to go through a Veteran Administration guidance center before a new supplemental letter of entitlement is issued, John W. Wilson, acting chief and vocational adviser for the Veterans Administration at the guidance center at Gettysburg college, warned today.

The need for going through the guidance center applies to those who change schools or colleges or places of employment for any reason or who change types of work or courses within schools, he added.

"For his own protection the veteran should take advantage of the guidance center," Wilson declared. "I would encourage everyone who has not been through a guidance center in obtaining work or educational privileges under the GI bill or the Disabled Veterans act to visit the guidance center and go through it in order that a folder may be set up on him. Once the folder is prepared then the veteran is protected in any eventuality that may ensue."

Urged To Use Forms

Wilson also urged that all men receiving subsistence checks fill out the employment forms they received with the September check.

If the form is not filled out and sent in to Wilkes-Barre prior to October 21, the October check will not arrive on the first day of November, he said.

Wilson urged those veterans in this section receiving subsistence checks to fill out the forms and bring them to his office in Glatfelter Hall on the Gettysburg college campus prior to October 19. The forms will then be mailed from the local office to the Wilkes-Barre office.

Youth Groups To
Organize Sunday

Young people's groups of the Gettysburg Presbyterian church, which affected temporary organization at a youth rally in the church last Sunday evening will elect officers and plan future activities at meetings to be held at 7 o'clock Sunday evening. Both the Junior high and the Senior high groups will meet at that hour in the Sunday school building.

Miss Edith Carbaugh was selected as temporary sponsor for the Junior high group last Sunday and the Rev. Robert M. Hunt, pastor, is temporarily leading the Senior high members.

The Rev. A. Walker Hepler, Steelton, chairman of youth work in the Carlisle Presbytery, was the rally speaker last Sunday. Refreshments and a social hour followed the service.

Lutherans Open
Annual Convention

Cleveland, Oct. 5 (AP)—Delegates representing 4,086 congregations in the United States, Canada, Alaska and Hawaii opened the annual United Lutheran Church Convention today with a Communion service before an altar set up in Cleveland Music Hall.

Some 564 delegates are attending the sessions which are to run through Friday.

Church officials said the delegates represented a church membership of 1,800,000. Missionaries from Japan, China, India, South America, the West Indies and Africa also are attending the meeting.

COUPLE WEDS HERE

Clair James Ebbitt and Mary Kathryn McKeag, both of North Braddock, Pa., were united in marriage at 9 o'clock Friday evening in a double ring ceremony performed in the Presbyterian parsonage on East High street by the Rev. Robert M. Hunt, local Presbyterian pastor. The couple was unattended.

BULLETINS

Rome, Oct. 5 (AP)—A British plane was forced down in Yugoslavia today by Yugoslav action, reports reaching Allied headquarters at Caserta said.

Whether the "Yugoslav action" was by fighter plane or by anti-aircraft fire was not immediately learned.

The plane was believed to be the RAF's Bari - Belgrade - Bucharest courier plane, which has been flying this route for months.

London, Oct. 5 (AP)—Winston Churchill said today that Britain's Labor government was "vacillating without any plan or policy" for Palestine and was "holding onto a mandate in which they have no vital interest."

Bicyclist Bruised
In Traffic Mishap

Anthony Sanders, 41, 21 Steinwehr avenue, escaped serious injury at 6:45 o'clock Friday night when the bicycle he was riding one mile east of here on the Lincoln highway was struck by a car and Sanders thrown to the road.

The local man, taken to the Warner hospital by Junior Thomas Marshall, 22, Waynesboro R. 1, driver of the car which hit the "bike," was found to have only bruises of the left shoulder and thigh.

According to state police, who investigated, the accident occurred when Sanders was riding toward Gettysburg. Marshall, also traveling west was blinded by lights from cars approaching from the west. A rear view mirror on the right side of the Marshall car struck Sanders on the shoulder and the fender of the car caught the handlebars of the bicycle upsetting it and the rider.

DAR SELECTS
DELEGATES TO
MAY CONCLAVE

Delegates and alternates to represent the Gettysburg chapter of the Daughters of the American Revolution at the annual convention in Washington next May were named and reports on the recent state DAR convention at Altoona were received Friday afternoon at the meeting of the Gettysburg chapter at the home of Mrs. Walter H. Danforth, West Broadway.

The regent, Mrs. Mark K. Eckert, and Miss Anna Cairns were chosen as delegates to the Washington sessions. Mrs. Danforth and Mrs. Victor Dutera are the alternate delegates.

Mrs. Eckert and Mrs. C. E. Bilheimer, state chairman of filing and lending and ex-regent of the Gettysburg chapter, presented reports on the state DAR conference at Altoona last week. Mrs. H. D. Sheppard, Hanover, honorary vice president general of the national society and honorary ex-regent of the Pennsylvania DAR, also attended the conference.

Flag For Scouts

The delegates reported two important resolutions adopted at the Altoona meeting. One measure urged a return by the United States to former restrictions limiting naturalization and immigration of foreigners into the United States during the postwar years. The second resolution urged Congress to pass a law demanding annual reports from all organizations to the federal Department of Justice.

The chapter voted a new flag to the Boy Scout troop at Mummastown.

A transportation committee was named including Mrs. A. H. Barr, chairman; Mrs. Edgar L. Dear-dorff and Mrs. G. W. Lefever.

Hostesses for Friday's meeting were Mrs. Danforth, Mrs. Bilheimer, Miss Mary Bilheimer, Mrs. H. M. Hartman, Mrs. Paul Clutz, Mrs. Thomas Banfield, Mrs. Calvin Yates, Mrs. H. H. Reuning, Mrs. J. C. Knox, Mrs. Webster Jackson and Miss Virginia Day.

BIRTH ANNOUNCEMENT

Mr. and Mrs. George Feist, Pedro Miguel, Canal Zone, announce the birth of a seven-pound, seven-ounce son at Gorgas hospital, Canal Zone, September 29. Mrs. Feist is the former Miss Gerty Smith, daughter of Mr. and Mrs. Basil Smith, Grandview Terrace. The child has been named George Basil, 3rd.

London, Oct. 5 (AP)—The United States Army B-29, Pacusan Dreamboat, droned steadily through the cold and lonely Arctic skies near the magnetic North Pole today, nearing the halfway mark on its great arc across the top of the world from Honolulu to Cairo.

The 74-ton craft and its crew of ten fliers headed by Col. C. S. Levine of St. Paul, Neb., radioed at 4:30 a. m. (EST) that it was over Pelleys Point, a little more than 100 miles southwest of the magnetic pole and roughly 4,000 miles from Honolulu.

LATE ROASTING
EARS, PEACHES
ON MART TODAY

Late roasting ears sold on the Farmers' Market this morning for 35 cents a dozen and dropped, before the market closed, to 25 cents, as the supply was picked over. What growers said were the last of the green peas sold for 15 cents a quart box, in the pod. There were late peaches also on the market, mostly Elbertas, which brought 15 cents per box and \$2.75 a bushel.

Apples were plentiful in several varieties. Smokehouse, Baldwin, Stark Delicious, Paradise, Grimes Golden and Jonathan. They sold for 15 cents a quart box, 25 cents a quarter peck, and up to \$3.25 per bushel, Stark Delicious bringing the latter price. Others ranged from \$2.50 per bushel up.

Chickens On Sale

Cauliflower sold for from 15 to 40 cents per head, depending upon size. Red peppers were five cents each; green, two for five and five cents. Green and yellow wax beans were 15 cents a quart box. Pattypan squash were two for five cents and five cents each. Large heads of chinese celery were 35 cents.

Other prices were: sweet potatoes, 20 cents a quart; grapes, 15 cents a quart; water cress, ten cents a quart; lettuce, 15 cents; turnips, 15 cents; pumpkins, from five to 15 cents; cabbage, five cents a pound; endive, 10 cents a stalk; eggplant, five and ten cents each; potatoes, 35 cents a half peck.

Chickens brought 62 and 65 cents a pound today and eggs were 65 cents a dozen. Potato salad was 20 cents a pint; cottage cheese 20 cents a pint; sweet cream, 35 cents a pint; buttermilk, ten cents a quart.

WHO PAYS FOR ADVERTISING?

A cool million dollars is spent a week to tell you about oranges. Who do you suppose pays the bill?

The orange grower? No—advertising does not cost him anything. He grows more oranges, sells them at a lower profit, makes more money.

The grocer? No—advertising does not cost him anything, either. Oranges that used to rot in his store now move out as fast as they come in. His cost is nil, his margin small, his total profit greater.

The consumer? No—he's doing fine, thank you. The orange that cost 10c for the Christmas stocking in the early 1900's now costs about 50c a dozen. Less than half a cent, four mills, is spent for advertising!

Do you pay the four mills? Yes—and no. As a consumer you pay for everything—the planting, the plowing, the picking, the shipping, the selling. Yes, you pay for the advertising but because of the advertising, you pay less for volume growing, less for volume shipping, less for faster selling, less for waste and rotting, less for valuable vitamins.

You pay for your merchant's advertising, too. And, because of it, you pay less for his rent and insurance, less for his clerk hire and profit, less for his goods and services.

Advertising produces volume, lower costs, lower prices and better living.

HOW MUCH DO YOU THINK
ADVERTISING COSTS?

100 to 1 Your Guess Is Too High! Take, for instance, a widely advertised can of soup that you purchase from your grocery store for 10c.

Then ask your neighbor how much of that 10c goes for advertising. She'll probably say, "Oh, about 1 or 2c," or "10 to 20%."

That is where you can correct a great American illusion. The actual cost is only 36/1,000 of one cent.

And actually advertising absorbs its cost because without the wide volume of sales brought about by advertising, the soup couldn't be sold for 10c. In fact, this soup 15 years ago cost you 12c retail. Advertising, by expanding distribution and increasing sales, made economies possible which cut 2c, or 16% off the retail price of soup.

Advertising is everybody's friend, because it continually acts to lower the cost of living.

'Kilroy' Autographs
Concrete In Square

That universal traveler, Kilroy, visited town Friday night or early this morning and left his calling card, "Kilroy was here," embedded in the freshly laid concrete placed by the borough on the square in front of the Rea and Derick store.

Borough Engineer Kenneth Tawney, investigating, kept a straight face while reporting that Kilroy must have come by bus because he had also left his famous signature at the bus terminal.

Borough Engineer LeRoy H. Winebrenner, not amused, this morning feared it would be impossible to remove the scrawl from the concrete without replacing the block, threatened to make somebody pay \$25 for the relaying if the culprit could be found.

(Editor's Note: — Kilroy will not be found. Thousands of Yanks, throughout the war, have tried in vain.)

COOPERATIVE
BIBLE SCHOOL
OPENS TUESDAY

Gettysburg's Cooperative Week-Day Bible school will open Tuesday afternoon at 4 o'clock and will continue its Tuesday afternoon sessions throughout the winter, closing on April 29.

The first school of its kind ever conducted here, it is being sponsored jointly by most of the Protestant churches of the town.

The weekly one-hour sessions will be divided into 20 minutes of worship and 40 minutes of classwork. The training course will be conducted in two semesters.

All of the sessions will be conducted in the Presbyterian Sunday school building.

List Dept. Superintendents
Pupils of grades one and two in the public schools will be under the supervision of Mrs. E. Donald Scott of the Presbyterian Sunday school. That group will study Bible stories and memory work.

Grades three and four will have the Rev. Floyd A. Carroll, local Methodist pastor, as their superintendent. Memory work, hymns and religious art will be studied.

Boys and girls of grades five and six will learn of explorations in the land where Jesus lived. The Rev. Robert M. Hunt, Presbyterian pastor, will be the superintendent.

Grades seven, eight and nine will have the Rev. Howard S. Fox, Trinity Evangelical and Reformed pastor, as their superintendent and will study "The Church of Our Fathers." The school is open to any boys and girls of the community who wish to attend.

MEMBERSHIP
DRIVE MAPPED
FOR LIBRARY

Plans for the annual membership drive and the annual meeting were discussed Friday evening at the October meeting of the Adams County Free Library directors. The session was held in the library.

A letter to be sent to all charter members during the next several weeks will open the membership drive, President O. H. Benson announced, with a door-to-door campaign to follow in those sections where necessary. The letter will ask the members to renew their memberships and will give a brief outline of the work done by the library up to the present.

An effort to secure J. Edgar Hoover, FBI head as speaker for the annual meeting November 26 will be made this week-end, the directors were told.

36,108 Books Loaned

Operating on a budget of nearly \$9,000 this year, the library now owns 8,000 volumes and approximately 3,000 books are on hand from the extension division of the state library, director pointed out.

However, patronage has exceeded "our fondest hopes," the directors were told with 36,108 volumes loaned since the beginning of the year. Because of the tremendous demands for young people's books, the library will have difficulty in keeping up with demand by mid-winter unless the response

U.S. AND BRITAIN BADLY SPLIT ON PALESTINE

By J. M. ROBERTS, Jr.
(AP Foreign Affairs Analyst)

The British and American governments are divided over Palestine as they have not been divided since the war debt debate of many years ago. But instead of a direct collision between individual interests, the new disagreement revolves around methods of arriving at a mutually-desired goal.

The British, accustomed in recent years to establishing a common front with the U. S. and then facing the world, are piqued that President Truman should step out alone in what has been considered a primarily British matter. But it is hardly a situation in which pique lingers long enough to really interfere with an international relationship.

Need for Agreement

Whether the President's statement will have the adverse effect on Palestine negotiations which the British profess to fear remains to be seen. The water already is so rolled that the tossing of another pebble would hardly seem likely to produce any great splash. It might, on the other hand, point up to the principal disputants the need for some agreement, if only an interim one, to alleviate the distress of Europe's Jews, moving as they are, hungry and tattered, through the under-grounds toward Palestine, the only star they can see.

To oversimplify, the Jews want to make a Jewish state out of Palestine. The Arabs, far in the majority, want to create a democratic state with guarantees of Jewish minority. The British want to get out of the middle into which they stepped after World War I, but not at the expense of their military position in the Levant. President Truman apparently puts the plight of Europe's Jews, against whose immigration into Palestine the Arabs are adamant, ahead of all the rest.

That a permanent solution will be found quickly seems doubtful. But the United States proposal of economic aid for the area in connection with increased Jewish immigration may contain the germ of a possible long range solution.

NEW CABINET CHANGES SEEN FOR ENGLAND

By WILLIAM L. PHILLIPS
London, Oct. 5 (AP)—Political sources predicted today that A. V. Alexander, former first lord of the admiralty, would become Britain's new minister of defense, a separate ministry emerging from last night's shakeup of the British cabinet, the first since the labor government took office more than a year ago.

Alexander was named minister without portfolio in the cabinet shuffle, which involved 13 changes, presumably to make him available for the post, which would head up Britain's army, navy and air force. The new minister of defense would act as the Prime Minister's deputy in integrating the work of the three services.

Shakeup Was Forecast

The cabinet shuffle was forecast in 1945 when Prime Minister Attlee promised the labor party to review his cabinet after 12 months with the view to putting younger men in top places.

The shakeup resulted in the removal of the two department heads most directly concerned with Palestine. War Secretary J. Lawson leaves the government entirely, while Colonial Secretary George Hall has been shifted to the admiralty to succeed Alexander. Hall was made a viscount in the shift.

Both Hall's and Lawson's successors are men in their early 50's.

The new war secretary, Fred John Bellinger, is a veteran of Dunkerque who steps up from the post of financial secretary, while the colonies post goes to Arthur Creech Jones, an expert on Colonial affairs, who has been Hall's deputy as under secretary.

ESCAPES WITH LIFE

Warren, Pa., Oct. 5 (AP)—Maurice G. Williams, 34, truck driver of Erie, was treated in General hospital here today for injuries suffered in a motor accident yesterday on half-mile-long Babylon hill, west of Tidouet. Williams' trailer-truck, out of control, ran off the road, plunged end over end into a pine grove, and was demolished. The driver suffered a fractured skull.

PEACE TREATIES COMPLETED, GO TO FULL BODY

By JOSEPH DYNAN

Paris, Oct. 5 (AP)—The peace conference commissions today completed their work on treaties, which now go before full sessions of the conference for action.

After a 28-hour session, the Balkan economic commission ended a deadlock on reparations by adopting a British proposal calling for Bulgaria to pay \$125,000,000 jointly to Greece and Yugoslavia, the amount to be divided later by the foreign ministers council.

The vote of 9 to 5 was along West-Slav lines. The delegates were haggard as the session ended.

A five-hour virtual filibuster by Slav delegates, who wanted the Bulgarian reparations question referred to the Big Four, blocked a U. S. proposal that Bulgaria pay \$100,000,000 to Greece and Yugoslavia together and a British proposal to pay that sum to Greece alone, and settle with Yugoslavia later.

Other conference commissions had completed their work on all other clauses of the five peace treaties — for Bulgaria, Finland, Hungary, Italy and Romania—after three long days and nights of rush work at the end of 10 weeks of debate.

The Italian economic commission adjourned after voting Italian reparations of \$100,000,000 each to Greece and Yugoslavia, \$25,000,000 to Ethiopia and nothing to Albania. Russia promised a continued campaign for Albania.

MAY WIPE OUT PRUSSIAN CASTE

Berlin, Oct. 5 (AP)—The Prussian military caste, which escaped annihilation as a group by the Nuernberg trial verdict that held it was not a criminal organization, may be wiped out by the Germans themselves.

The legal machinery is already in being for the final knockout of the Prussian officer corps which many feel was the real instigator of the two most disastrous wars the world has known.

It is the American zone denazification law passed last March and administered by the Germans through nearly 200 tribunals. This law not only provides for trial of known Nazis but also for militarists and specific categories of German officers including the general staff and high command.

The essential parts of this American denazification have been drafted into a single directive which is now before the Allied Control Council and expected to pass shortly. It will then be applicable—by Germans—in all four zones.

Whether its clauses are fully used remains to be seen.

The law provides for trial, besides naming the general staff, all those responsible for the domination and exploitation of foreign peoples and all those responsible for the devastation of Germany after it was invaded. All those tried by the tribunals are considered guilty until they prove otherwise.

50,000 Joined Up During September

Washington, Oct. 5 (AP)—Recruiting reports indicated today 50,000 or more volunteers joined the army in September during a rush to get under today's deadline for full educational benefits of the GI Bill of Rights.

For planning purposes, the War department had figured on only 25,000.

Under legislation approved a year ago, men between 17 and 34 enlisting on or before Oct. 5 for three years qualify for all educational benefits upon completion of their service.

After today, benefits depend on the date eventually set for the official end of the war. Credits will accrue until then at the rate of one year's education for the first ninety days served, plus a month for each additional month in uniform.

SUES BUS COMPANY

Pittsburgh, Oct. 5 (AP)—An Allegheny county common pleas court jury began deliberations in a damage suit suit brought by John A. McCarthy, Monaca, as a result of a rockslide near Alliquippa in 1942 which crushed a bus and killed 20 passengers.

Pittsburgh, Oct. 5 (AP)—While hanging curtains at her home, Mrs. Carl Krummel, 41, fell from an open window three stories to the ground, suffering a fractured skull which caused her death later yesterday in Pittsburgh hospital.

Upper Communities

Four new members were admitted to the Bendersville Fire company at a meeting in the community hall this week.

They are: Harold Baltzley, Bernhard Ditzler, Waybright Black, Jr., and Robert Lott.

Officers will be elected at the next meeting, November 6 at 8 o'clock. Motion pictures will be shown and the entertainment and refreshment committee as appointed by the president, D. E. McCauslin, includes G. M. Stock, Clyde P. Orner and L. J. Orner.

Mrs. Myron Knouss, of Arendtsville, is visiting relatives in Harrisburg over the week-end.

Routine business was transacted by the Biglerville school board at its October meeting Friday evening.

Mr. and Mrs. Arthur E. Rice, Jr., of Biglerville, are spending the week-end in Philadelphia as guests of their cousins, Mr. and Mrs. Joseph E. Gilmour, of Drexel Hill. While there they will attend the wedding of Miss Ives Dulles of Wayne, and Evan Hannay and that of her sister, Miss Joan Dulles and Robert Cunningham.

Mr. and Mrs. W. Benton Fidler has as guests Friday at their home at Aspers, Mr. and Mrs. Charles Trostle, of Piqua, Ohio. On Thursday, Mr. and Mrs. Fidler entertained Mr. and Mrs. William Bridges, of Boston, Mass.

Mr. and Mrs. William E. Loftin have moved from Gastonia, N. C., to Tallahassee, Fla., where Mr. Loftin has accepted a position in the offices of the business manager of the University of Florida. Mrs. Loftin was formerly Miss Martha Enck, daughter of Mr. and Mrs. Warren K. Enck, Biglerville.

ACQUIT NEGROES

Lawrenceburg, Tenn., Oct. 5 (AP)—Twenty-three of 25 negroes charged with participating in a racial disturbance at nearby Columbia seven months ago were free today—acquitted by an all-white jury. The jury, which deliberated an hour and 53 minutes before bringing in a verdict late yesterday afternoon, found two other defendants guilty of assaulting four Columbia policemen during the day and night of racial unrest last February.

is up to the Allied Control Council in Berlin, which cannot reverse the verdicts of the international Tribunal but can reduce sentences.

Goering, Seyss-Inquart, Jodl and Ribbentrop are under sentence of hanging. Funk was sentenced to life imprisonment and Doenitz to 10 years in prison.

Pleas already had been filed on behalf of Martin Bormann, Hans Frank, Wilhelm Frick, Julius Streicher and Alfred Rosenberg, sentenced to life imprisonment. Bormann, tried in absentia, is missing.

The British Army, however, announced at Herford that it would not let any of the three acquitted Nazis into its occupation zone.

Maroon And White Gridders Spank Hanover 7 To 6 In Season's Upset

Local Eleven Stages Valiant Struggle To Defeat Ancient Foe

Rising to heights far exceeding the expectations of its most ardent admirers the Gettysburg high school football team pulled a stunning surprise Friday evening by setting Hanover high's hitherto unbeaten eleven 7-6 in South Penn conference game played before over 4,000 fans at the Fair grounds at Hanover.

All of the scoring was packed into the last six minutes play in the final period.

Early in the fourth period the Nighthawks were forced upon deep in their own territory with Rodgers taking a 35-yard gain, put the ball the Maroon 12-yard line. Three plays later Rightmire went around the end from the 6-yard line to try. With time running out the crowd held its breath as the Nighthawks lined up for the extra point try. Rightmire attempted to kick the point but his kick was below the cross-bar. The game ended two minutes later with the Maroons in possession of the pigskin in Hanover loam.

Friday's victory was particularly important for the under-rated Maroons as it was the first gained by a Gettysburg team over Hanover since 1916. Since that time the Nighthawks had scored eight straight triumphs in the series which now stands 10 to 7 in favor of Hanover, a game having ended in a tie.

Both teams were given opportunities to score in the first half but neither could take advantage of the opportunities. The Maroons kicked-off to Hanover to open the game and Cline reined Hottle's boot to his 38. Moore and Resh picked up a first down on the 50. Moore added nine yards at the end and then Resh moved to the 25 on a line thrust but fumbled with Westerdahl recovering for Gettysburg.

The Maroons made eight first downs while their opponents chalked up 16. The Forney-men completed three of four passes while Hanover made good on two of seven, with one being intercepted. A lot of "firsts" can be chalked up for the game. It was the Maroons' first victory over Hanover in 10 years; the first conference victory since 1944 and the first time since 1942 as many as two games were won in a single season.

Jubilant fans returning from the game staged an impromptu parade over the borough streets led by the high school band.

A 15-yard holding penalty against Hanover at the start of the second drive kept the ball in Hanover territory throughout the better part of that quarter. Following the penalty Rightmire punted but his kick was off the 34. After picking up four yards on three plays, the Maroons were trapped on an attempted pass back on the Hanover 49 with a ball going to the Nighthawks.

However, on the next play Resh fumbled and Hess recovered at the 10 yard line. Hess soon punted out on the Hanover 17 and the punt was turned three plays later, going to the Hanover 44. Hess got four yards at right guard and then Sharrath ran through left tackle for a first down on the 30. After another exchange of punts Cole intercepted a pass on the 48 as the half ended.

Hanover started off in the third period as though the first half was a big mistake. Moore returned a kickoff to his 43. With Rightmire, Moore and Gobrecht carrying a ball, the Nighthawks reeled off three straight first downs to reach the Maroons' 17. The Forney-menaced and took the ball on the 15, from that point on the Maroons led the upper hand. Two straight touchdowns were made through the combined efforts of Rodgers, Sharrath and Hess which moved the ball to the 41. However, a pass from under rolled back to the 30 where Sharrath recovered after which Hess as forced to kick to Moore on the Hanover 36 as the quarter ended.

Rightmire fumbled and lost six yards on the opening play in the last period. Two plays later Hanover was penalized to its 23 for holding. Moore then punted to Rodgers on the 47 and the Maroons were on their way.

Sharrath lost four yards at right end but Hess shot through left tackle and raced 23 yards for a first down on the 28. Hess then whipped a pass to Westerdahl for a first down on the 18. Hess picked up a yard at right tackle and Sharrath added four at the left side of the line. gain Hess connected on a pass to Westerdahl for a first down on the 10 and on the next play Hess crashed through right guard for the tally. Another pass, Hess to Westerdahl, provided the extra point.

Hanover came roaring back to score. Biddle made a beautiful running catch of Moore's long pass which was good for 35 yards to put the ball on the 12 and soon Right-

mire scored from the 6. His placement was low and the game was in the bag for Gettysburg.

Best Game
Without a doubt the Maroons played their finest game of the season. All put up their best performance of the year. Joe Hess and Bruce Westerdahl were no end of trouble to the Nighthawks all evening. But they had plenty of help from their team-mates. Cole, Sheffer, Hottle, Shull, Sanders and Sterner time and again proved their worth on the forward wall while Rodgers, Sharrath and Hershey were excellent performers in the back-field.

The Maroons made eight first downs while their opponents chalked up 16. The Forney-men completed three of four passes while Hanover made good on two of seven, with one being intercepted. A lot of "firsts" can be chalked up for the game. CANNERS DROP 33-6 DECISION TO RED LION

That backs are only as good as the seven men up front, a point the late Knute Rockne made clear to his Four Horsemen, was emphasized again Friday night at Biglerville.

The Biglerville line was ineffective to the powerful Red Lion high school gridders romped to their fourth successive victory, 33 to 6, over the inexperienced Cannners.

A hard-charging Red Lion line tore the Biglerville high forward wall to shreds. Red Lion backs ripped off huge chunks of yardage. Biglerville ball carriers often were nailed in their tracks, seldom gained more than a yard or two.

Red Lion thus maintained its unbeaten status and boosted its chances for the championship of the Lower Susquehanna Conference and Conference of Roses.

Huge Crowd

For Coach Eugene Haas' Biglerville eleven it was the second straight loss in its first home appearance of the season. The crowd, estimated at from 1,200 to 1,500, was one of the largest ever to attend a game in the up-county community. It marked the first use of the newly-installed lighting system.

Once again demonstrating that with a stronger line and better blocking in front of him he would be one of the most dangerous runners in district school circles was Danny Ebbert, 18-year-old, 165-pound right halfback.

A regular two years ago before entering the Navy, Ebbert was tremendous in defeat. His hard driving required several tacklers to bring him down. His tackling was low and hard and he captained the team in superb style. Running mostly off his right tackle, Ebbert piled up 95 yards on running plays, all the more amazing when it is pointed out that Biglerville's total yardage on the ground was but 122. In addition, he tossed the only completed forward pass after nine Biglerville passes had been batted down, for a 12-yard gain during the fourth period touchdown drive.

The other bright spot in the Cannners' cause was Marvin Kime, a substitute back whose defensive play was unexcelled on either team. His accurate, low tackling cut off many probable long gains or even scoring runs.

Score Early
Boasting eight veterans back from last year's once-beaten eleven, Red Lion lost little time in making clear its superiority. Only eight plays were needed to drive 72 yards for the first touchdown, the march being featured by dashes of 31, 6 and 9 yards by shifty scat back, Curvin Rexroth. Glenn S. Smith finally went off right tackle from the 10 for the score and Ronald Fitzkee booted the first of his three conversions.

Following the kickoff, Biglerville was forced to punt. The hard-charging Red Lion line surged through to block Clark Heller's kick on the Biglerville 49. Featured by a 27-yard pass from Smith to Fitzkee, Red Lion scored in five plays, Fitzkee plunging a yard for the score. His kick was not good.

Biglerville had to punt again after the kickoff, Rexroth scooting back to the home team's 31. Rexroth then made 18 yards and 210-pound Don Grove plowed for 13 and the third touchdown. Again the conversion try failed.

Cannners Tighten
The Cannners tightened and until late in the first half the going was pretty much even. But the old statue of liberty play was worked perfectly by Rexroth, who took the ball from Fitzkee and weaved, dodged and side-stepped 51 yards on fourth down for the fourth score. Fitzkee place-kicked the point to make it 26-0.

A fumble of a punt on Biglerville's 29 by Dick Bucher opened the way for the final Red Lion score early in the third quarter. On the second play Smith heaved a pass to Fitzkee and the latter added the point.

Bigler Scores
Against a combination of first and second-stringers, Biglerville launched its only sustained drive following this score. With Ebbert alone gaining 57 yards, the Cannners drove 78 yards on five successive first downs. Ebbert scored but the Red Lion line blocked Clark Heller's place-kick.

The visitors had 12 first downs to 7 for Biglerville and completed 3 of 6 passes to one out of 10 for the Cannners. Red Lion had a net gain of 277 yards on the ground and 61 in the air for a total of 338. Biglerville's net yardage on the ground was 93 and 12 on one completed pass brought the total to 105.

Biglerville tackle Bob Weikert received a head injury but it was reported not to be serious. The next

game for the Cannners will be at Enola next Saturday.

BOSTON RATES TOP FAVORITES AGAINST CARDS

By JACK HAND

St. Louis, Oct. 5 (AP)—Boston's fence-busting Red Sox, with Tex Williams definitely back in the lineup, are ranked top heavy favorites to whip the newly-crowned National league Champions from St. Louis in the 43rd World Series opening tomorrow at Sportsman's park.

Despite the Cardinals' stretch drive that overcame a 1½ game Brooklyn lead and finally carried them in the first tie playoff in history, the odd makers remain loyal to the home run power in the Sox bats, particularly in Williams' ability to hit for distance. Boston is a 7 to 20 choice to take the series and 13 to 20 to cop the first game.

For Manager Eddie Dyer of the Cardinals who has been riding the baseball hot seat since the "experts" last spring picked him to coast home 15 games in front, the role of an underdog is a welcome change. The freshman skipper honestly believes his Red Birds have a real chance to upset the mighty Sox and he is banking on his southpaw pitching to do the trick.

To Use Southpaws
With that in mind, "Skip" Dyer plans to open with Lefthanders Howie Pollet and Harry Brecheen and follow with Murry Dickson at Boston. Tex Hughson is expected to be Joe Cronin's choice although it may not be definite up to game time. Dave Ferriss and Mickey Harris are the other possibilities.

Boston packs more punch in its infield of Rudy York, Bobby Doerr, Johnny Pesky and Pinkey Higgins or Glen Russell but the Card quartet of Stan Musial, Red Schoendienst, Marty Marion and Whitey Kurowski has more finesse.

Williams and Dom DiMaggio give the Sox an outfield edge although Enos Slaughter, St. Louis right fielder, rates over either Wally Moses or Tom McBride. Ev Dusak and Harry Walker, Card left fielders, cannot approach Williams, and DiMaggio has more speed than the 1946 Terry Moore.

Bubrick Member Of College Grid Staff
Jack Bubrick, resident of Emmitsburg for the past five years who helped to co-manage the Emmitsburg baseball team of the Adams County and Penn-Maryland leagues this summer, is helping Glenn Killinger, coach of The West Chester Teachers' college gridmen.

Bubrick is studying at West Chester for a teaching certificate in hygiene and physical education. He received his B.S. in education in 1940 at Mount St. Mary's college at which institution he was a star athlete. He helped pilot the Emmitsburg baseball team through a successful campaign, winning the Adams County League playoff series.

At present the team in holding a 1-1 tie with McSherrystown in the Penn-Maryland League playoff.

The former Mount blocking back is serving as assistant line coach to Killinger. He coached freshmen sports at the Mount after graduation before enlisting in the Army Air Corps, with which he saw service in Italy. He served 31 months overseas. Last year he taught and coached athletic teams at Littleton high school.

ONE-MINUTE SPORTS PAGE
That A.A. Football club which was reported to be cutting salaries says that, on the contrary, it has raised the wages of some players as much as 100 per cent to bring them in line with current pay rates after they had been signed on the "old" basis. . . . Thirty Marquette varsity footballers who weren't chosen to go to Villanova this week-end thought they might be picked to play the Michigan "B" team at Ann Arbor. But "B" team coach Art Krueger insisted on taking only real scrubs, who had been absorbing the daily beatings from the varsity. . . . After last week's Oklahoma-Army game, a visiting scribe wrote: "our big mistake was in ever going to West Point on Saturday to play. We already had won the game three times at the rally the night before."

DOTS ALL, BROTHERS
The Dodgers have hooked up with Columbia, S. C., to get their only Class "A" farm. After Thursday, the Brooklyn fans likely hope most of the players will be shipped there. . . . W. A. Philadelphia, Oct. 5 (AP)—M. W. Clement, president of the Pennsylvania railroad, is the current holder of the Vermilye medal of the Franklin Institute, presented every two years for outstanding contributions in the field of industrial management.

Charles A. Redding, president of Franklin Institute, presented the award to Clement last night for his "conspicuous accomplishments x x x in a time when the organization and facilities under his administration were taxed to the utmost by the war burden."

GRID CLASSICS CARD ACROSS NATION TODAY

New York, Oct. 5 (AP)—Proof that the college football season is well under way is seen in today's card, which is liberally sprinkled with sectional classics.

However, for those whose view embraces the nation as a whole, there are some attractive intersectional contests, the standout being the clash between Dana Bible's mighty Texas squad and the Oklahoma Aggies.

The Aggies have not yielded to one college rival in 21 games, including two bowl contests, although they were tied last week by outplayed Arkansas.

Two good East-West tilts are Boston college and Michigan State and Detroit at Holy Cross. Ohio State, held to an unexpected tie by Missouri, meets Southern California in the headline on the West Coast.

Big Games In West
Michigan and Iowa, two of last week's winners in the wide open scramble for the Big Nine title, meet at Ann Arbor in the Midwest's outstanding attraction. Other conference battles pit Illinois and Purdue, Minnesota and Indiana, and Northwestern and Wisconsin.

Notre Dame has little to fear in its contest with Pittsburgh. In the Big Six opener, Kansas State visits Nebraska.

Tennessee engages Duke in the south's leading game, while Alabama takes on South Carolina. In the Southeastern conference, the pairings are Louisiana State-Mississippi State, Vanderbilt-Mississippi and Tulane-Florida.

In the Rock Mountain area, Colorado Aggies-Wyoming, Arizona-Utah and Utah State-Colorado are the big offerings, while on the Coast San Francisco and Stanford, UCLA-Washington and Idaho-Washington State get top billing.

Next Friday's Games
East Berlin at Arendtsville.
New Oxford at Littlestown.

Littlestown was the victor, 2 to 1, over East Berlin Friday afternoon in the only decisive Adams county soccer league game of the day.

Fairfield and New Oxford, winding up 4 to 4 at New Oxford, battling out two extra periods before being convinced that both teams were of equal strength. Fairfield was leading 3 to 1 going into the last period and then the New Oxford squad came back to tie up the game and keep it there.

Shindeldecker sent through two of the goals for Fairfield while Wolfe and G. Seifert each kicked one goal. Littlestown had its two points before the first half was over in the game at East Berlin. The first score came about when East Berlin's goalie caught a ball and then dropped it inside the goal line. The second score was on a kick from a scrimmage which sent the ball nearly 30 feet into the air before it started to fall, dropping for the goal.

The game was the second for East Berlin which lost last week to Fairfield.

The Fairfield lineup follows: o. l., Shindeldecker; i. l., Wolfe; c., Seifert; i. r., Dick; o. r., K. Seifert; i. h., Musselman; c. h., Capt. Brown; r. h., White; l. f., Myers; r. f., Neely; g., Currans. Substitutions, Weikert, Shriner, Goals, Wolfe, Shindeldecker, 2, G. Seifert.

SQUEEZE PLAY
Chicago, (AP)—A baseball game at the Walsh school playground was delayed while firemen were summoned to recover the ball—and a player.

One of the youths smalled the ball onto the roof of the school's power plant and it rolled into a vent. Outfielder Toby Preski went in after it and got stuck.

Firemen managed to get him out and also found the ball, and the game was resumed.

Kane, Ill., (AP)—Even hog calling has gone mechanical at Henry Stevens' 429 acre farm near here. Stevens says he just blows the horn on his automobile and the porkers come a running, saving his time and tonsils.

Today's Talk

THANK YOU, IF YOU PLEASE!

Is courtesy disappearing from this earth as something too old-fashioned to further cultivate and make a continuing asset? I wonder. There were times when it was a most valuable stock in trade. In stories it was insisted upon as a prime requisite. And children in families were instructed in it, along with their A, B, C's.

In John Drinkwater's play "Abraham Lincoln," I distinctly recall how Lincoln was always saying "Thank you." And that other expression, "If you please," what a delightful phrase it is when used and uttered in sincerity!

It would be an encouraging and wholesome procedure if world diplomats would read history a little and become informed on mere courtesy among great states. It is alarming to read the talk now going on in high councils, where such words as "liar" and "war monger" are used so flippantly. We need a few re-incarnated Benjamin Franklins in this day and age, to give new zest to friendliness and international courtesy.

There was a time when all merchants welcomed customers, no matter from where. Now there are all too many who pay favors to "the elect." There will come a time when they will seek out customers, and pay money to get their good will and trade. Courtesy is often the best capital that a person can have, when initiating an enterprise.

These are times, especially in cities, when restaurants are very crowded. But I wandered into one recently that I had never been to. There were those waiting, but the hostess came to me with a smile, handed me a menu, and told me that it would be only a short wait and to make myself comfortable. Soon I had a seat, and another smiling person came to take my order. Then later another one came to ask if everything was all right and if I was enjoying my meal. The body takes care of its food in glorious fashion when all things are pleasant while eating.

Courtesy is good will. It has made people wealthy, as well as happy. It is an investment that doesn't go up and down like stocks on the Exchange. It is always going up! You can't own too many Thank you's and If you please's.

COTTAGE CLOSING
Put away the paper napkins and the common butter dish.

Put away the five-cent glasses and the tools for cleaning fish. Store the faded robes for swimming and the family brush and comb.

Send a letter to the milkman we will shortly be at home.

I am tired of Monday's paper coming Wednesday afternoon.

I am tired of stirring coffee with a leaden-tasting spoon.

I am tired of reading stories from an ancient, musty tome.

And the books that I am wanting are the ones I left at home.

Let us close the summer cottage, now the autumn has begun. Let's remember it was fashioned just for laughter and for fun. But the longing deep is in me, as it is when'er I roam.

For the friends I left behind me and the joy of being at home.

Getting A Full Charge

Good battery fast chargers are equipped with a special thermostat control which checks operation the instant battery temperature reaches 125 degrees Fahrenheit, beyond which temperature the battery would be ruined. The question naturally arises as to why it wouldn't be more practical to hold temperature to around 100 degrees, rather than to risk getting so near the limit. Answer is that if temperature is held to the lower limits the battery will receive a charge of only 40 to 60 per cent. To get a 90 per cent recharge, which is considered satisfactory, it is necessary to charge as long as the battery will safely stand it. Because some operators do not have safety controls and are overcautious about exceeding the temperature limit they are unable to provide satisfactory recharging. You have to come back later for another "shot."

It's Had A Workout

If you have really gone places in the past few months be sure to consider the air cleaner which is normally put to harder service in summer than in winter. Dusty roads, higher speeds, increased mileage all add up to more work for the filter's element or its oil if it is of the bath type. You can clean the cleaner yourself but it is smarter to let the man at the filling or service station do it for you. Filters should be dunked in cleanser. Besides the mesh should be oil dipped before replacing, and in cases of the bath type the trap should be treated to fresh oil of a light grade and filled to the prescribed level.

Meeting Rising Costs

During the war every motorist learned how to stretch out gasoline and tires, and it wasn't such a difficult task at that. Now we are faced with the problem of increased costs, and one wonders why stretching the dollar should be more than an application of many of the things we learned during wartime. We still can cut gas consumption by abandoning the temptation to drive faster. New parts and equipment are available for increasing carburetion and ignition efficiency. We can select less

congested routes and thereby save wear and tear on brakes, clutch, engine, gears and tires. Right now your car it in great demand and thus is fictitiously priced, but a little polish and elbow grease will insure you a better trade-in when the day arrives for taking delivery of a new car. There are many ways you can save. I'll be telling you how right here in this column.

Mechanic Joe Speaking:

"Next time you are alarmed over some boisterous noise in your car just bear in mind that the real troubles usually are accompanied merely by minor publicity. The real ills seem to make the least fuss.

"For instance, a shackle will groan louder than the grind of a bad gear. A loose tappet will make more racket than a wrist pin knock. After-firing in the exhaust is always alarming yet may simply mean that a spark plug is falling. Much less noticeable is the innocent little canary squeak which may warn that there is an external leak in the cylinder head gasket. Sometimes clutch plants will rattle alarmingly. One of the most troublesome rear-end noises is caused by a slightly rough front tire tread."

Brakes Need Breaking In

I am beginning to receive letters from owners of new cars complaining of a lot of brake troubles which you would normally associate only with older cars. It is the penalty for

not observing the rule about using the brakes of new cars carefully during the first 500 miles. They can be easily damaged. Brake slowly and easily, and try not to get yourself into a situation where you are obliged to give them the works. Troubles include grabbing, squealing, leakage, stuck brake pistons and drum warpage.

Time To Change Speed

Back in the old days when a road was wavy we used to remember to speed up or slow down, the effect being to obtain a slightly better ride. Then there were the washboard roads which were said to be drive-able only at four or forty. That may seem to be entirely in the past, but the truth is that there are many opportunities today where changing the rate of speed will greatly alter the car's riding characteristics. It will also have a beneficial effect in checking fatigue or monotony. A steady rate of speed is tiring. Even the engine is apt to purr too smoothly and induce dangerous drowsiness.

Better Read Them All

Having just paid a fine for park-

ing where new restrictions were suddenly imposed I have learned a trick that should save me future embarrassment. Hereafter when I park where I am not absolutely certain of the regulations I will always make sure to walk back to the curb sign to have a look at its message. Often this one will say something different from the sign nearest the front of the car. My trouble was that I hadn't read that rear sign in several weeks and did not know that it had been changed from "you can" to "you can't."

Save Double Damage

We can't always park our cars out of the way of traffic danger but at least we can see that we do not leave the car too close to a tree or telegraph pole. There is no use exposing it to extra danger should it be struck from behind and pushed up on the sidewalk. In view of the possibility of having the car struck from the rear when parked along the path of fast-moving cars it is smart to see to it that it could move ahead with reasonable freedom. The front-end damage would be greater than the

rear-end bump if the car were pushed ahead or to its side, other than another car where bumpers would be a measure of protection.

Toward Brighter Motoring

Because you have to take new cars in rotation the chances are that you will find yourself accepting a color scheme which you might not wish to risk were a choice given. But don't let it get you down. The present situation is resulting in some pleasant surprises. Many are finding that they are happier with brighter colors. A friend of mine just took de-

livery of a bright red job and feels ten years younger.

Keep Morning For Them

In view of the discovery that a check-up of slightly over a million cars showed that one out of every 27 had dead horns I think we may very well continue with the idea of horning for others. This has always been desirable in cases where it becomes obvious that other drivers are either inattentive or not aware of an impending danger but here we are faced with the fact that even if they recognize danger some drivers would be unable to sound an appropriate (Please Turn to Page 5)

BIKE 'RUSTLING' SERIOUS CRIME IN ROME TODAY

By JOHN MCKNIGHT

Rome (AP) — Bicycle thieves are about as popular characters in present-day Rome as horse thieves and cattle rustlers used to be on the western plains of the United States.

These are perilous times indeed for the city's motorized vehicles. Many of its public conveyances were pilfered by the northward-fleeing Germans. There are not enough pneumatic tires for those that are left and petrol for horseless carriages is both scarce and dear.

So thousands of honest burghers must pedal to the places of their daily occupation. If they lose their trusty bikes it is a very serious matter, since otherwise they must walk.

"Terror of Cyclists"

Hence they cheered to the echo an announcement by the forces of law and order that the police at last had laid by the heels one Liberto Pampinichi of no recorded address or lawful trade, whose exploits in recent weeks had won him in the public prints the dubious appellation "the terror of the cyclists."

Pampinichi's modus operandi (old Roman for "method of operation"), said the minions of the law, was efficacious because of its very simplicity. They described it thus:

Having taken cognizance of (A) The thousands of cyclists in the Eternal City, (B) The number of buildings bearing notices "no bicycles" and (C) The pretty problem these posed for those who must pedal to work, Pampinichi:

How He Operated

1. Obtained official-looking headgear with the deceptive legend "authorized bicycle guard," signs reading "bicycle parking—10 lire" (a modest emolument, since it is just over four U. S. coppers) and certain apparatus promising orderly alignment of the contrivances entrusted to him;
2. Set up shop on well-traveled thoroughfares;
3. Continued operations until he had seven or eight "machines" in hand, and then;
4. With the aid of confederates lurking nearby, folded up his parking lot and its contents like the Arab and as silently stole away.

New Oxford

New Oxford—Paul I. Wagner, a son of Mrs. Ambrose P. Wagner, is recuperating after an appendectomy, performed last week at the Hanover hospital.

Mr. and Mrs. George W. Dunstan, R. I., were hosts at their home where an informal musicale took place recently. Among the guests were several persons from Spring Grove.

Mrs. Clarence A. Ruff, who recently returned home from the Hanover hospital where she was a patient for a long time because of a broken hip, is reported improving satisfactorily. Her son, Russell, came from Pittsburgh to visit her recently.

Miss Dorothy Baugher has accepted a clerical position at the local bank. Miss Baugher is a graduate of the local high school.

Mr. and Mrs. Thomas Glatfelter were visitors this week to relatives in Columbia.

Ralph H. Kopman has left this section for Abbotstown where he has taken an apartment in the home of his daughter, Mrs. Robert Berkheimer, Jr., and family. Mrs. Berkheimer is the former Miss Nettie M. Kopman of this section. William Mummert has moved into the Kopman home which he had purchased.

Mrs. Paul H. Moul, near town, was a delegate from Emmanuel Reformed church, Abbotstown, to the all-day synodical meeting of the Women's Guild of the Mercersburg Synod of the Reformed Church, conducted recently in York.

Rally Day for the church school of the First Lutheran church, New Oxford, will take place Sunday morning, October 13, at 9:15, instead of on October 6 as previously announced. The guest speaker will be John C. Foster, York. Merrill A. Yohe is church school superintendent and the Rev. George E. Sheffer, pastor of the church.

Warning. Part of our safety program is remembering that we are our brother's keeper of the horn button.

What's On Your Mind?

Q. I am going to make a compression test of the engine and have heard that on this particular model the reading should be 140 pounds. At what motor speed would that be read? H. L. F.

A. The manufacturer of your car says the compression reading should be taken at an engine speed of 1000 revolutions per minute.

Q. I have been using No. 10 engine oil on the theory that this is best for breaking in a new motor. Is it all right to continue with such light oil, or should I switch to heavier oil after a few thousand miles? N. B. L.

A. A good rule to follow is to continue using the light oil until the engine starts to burn oil between oil changes, provided you do not intend driving fast steadily and are not headed for hard going such as driving in the mountains. You need heavier oil for heavier work.

Q. The rear axle of my car never seems to need lube. Shouldn't an addition of lube be necessary from time to time? As a matter of fact, sometimes when I remove the filler plug some lube flows out. How could the rear end become overfilled? Wm. D.

A. This is a danger sign. Lube is leaking out of the transmission on this car and is running down into the rear end around the enclosed propeller shaft. The transmission will need service. Meantime drain off the excess to the rear or grease will work out into the rear brakes.

Q. The gasoline gauge on my car reads one-half when the tank actually is full. What's wrong? The tank isn't dented. F. P. W.

A. The number one wire of this electrical gauge is grounded.

Mr. Russell will answer questions regarding the safe care and operation of your car. Just address him at 254 Fern street, Hartford, Connecticut, and enclose stamped, self-addressed envelope for a personal reply.

STOCK BASS

Warren, Pa., Oct. 5 (AP)—Ten thousand calico bass and bullheads have been placed in the Allegheny river at points above and below Warren by Warren county sportsmen and employees of state fish hatcheries.

Next week an equal quantity of bass will be placed in the river and plans are under way for stocking it with wall-eyed pike from Pymatuning lake.

ATTLEE SENDS STRONG NOTE TO PRESIDENT

By JACK SMITH

London, Oct. 5 (AP)—The British foreign office confirmed today that Prime Minister Attlee had sent a note—a strong one, it hinted—in reply last night to President Truman's for immediate and substantial Jewish immigration into Palestine.

As the British press predicted a new wave of terror over the Holy Land as a result of the president's statement, a foreign-office spokesman, disclosing the note had been sent, said it was "personal" and he did not expect that it would be made public.

He said Britain was "puzzled" to learn that Mr. Truman had acted so "precipitately" and that the president did not accept the decision of the government bearing "the responsibility for Palestine."

Attlee Angered

Last night, an official speaking for the Prime Minister said that Mr. Truman's statement "may well jeopardize" British-sponsored negotiations to determine Palestine's future.

Earlier the foreign office said Britain would not act upon Truman's appeal "until the whole political future" of Palestine was settled. The president had said that further immigration could not await a settlement.

By diplomatic standards, Britain's statements were quick and sharp and some London diplomatic writers said they indicated Attlee was angered, both by Truman's proposals and his insistence on publishing them despite Attlee's request that publication be deferred.

Underlying Factors

Behind Britain's deep concern over the presidential statement lay the following factors:

1. A feeling that Mr. Truman had affronted the British government by publishing the statement against Attlee's wishes.

2. A belief, often expressed in authoritative British quarters, that Truman's 100,000 figure for immediate Jewish immigration tends to become an absolute minimum Jewish demand.

British sources have suggested that, had Truman set no figure, the Jewish agency might have accepted a lower quota.

EFFECTS FROM POWER STRIKE ARE WIDESPREAD

Pittsburgh, Oct. 5 (AP)—Pittsburgh's 12-day-old steel power strike, which had made more than 100,000 workers idle here, today began to have repercussions in other sections of the country.

The basic steel industry in the district is practically unaffected since most of the producing companies have their own generating plants.

Hard hit, however, are the processors and fabricators, makers of finished and semifinished products, who have been forced to shut down almost unanimously throughout the 817-square mile affected area. Cessation of shipments of their products was beginning to make itself felt.

Hits Auto Workers
At Detroit, the Chrysler Corporation mentioned the power strike as a continuing factor in an equipment shortage expected to force the layoff of 25,000 Chrysler and Briggs Manufacturing Company workers.

At Huntington, W. Va., 300 men were laid off by American Car and Foundry Company. Officials blamed the power strike in part.

Government mediators, who came here the first of the week prepared to hold "continuous sessions" until agreement was reached, held separate meetings with Duquesne Light Company and Independent union officials yesterday.

Similar sessions were set up for today. One conciliator said hopefully the meetings "might" develop into a joint session of the negotiators.

Independent Union

Hope that a "protective walkout" of AFL-Streetcar operators might end soon was dashed last night when the motormen voted 635 to 362 against going through picket lines the Independent Power union has thrown around the city's 12 "carnivals". Pittsburgh has had no streetcar service for seven days.

A newly-formed "rebel" Independent union, which claims to have 700 backers among Duquesne light shop and substitution men, will be given a hearing next Friday before the Pennsylvania Labor Relations Board on its petition for recognition.

Officials of the group say they are dissatisfied with the way the Independent Association of Employees of the Duquesne Light Company has been handling the wage dispute and that they want to set up a separate "Democratic American Union."

The strikers demand a 20 per cent pay raise which they say would raise the average base pay from \$1.18 to \$1.41 an hour. The company has offered five per cent.

Double Probe Of Sun Oil Blasts

Marcus Hook, Pa., Oct. 5 (AP)—Two investigations were underway today in the explosions and fire at Sun Oil company's Marcus Hook refinery where seven persons were killed and 140 others injured.

Charles W. Taylor, district fire marshal of the Pennsylvania state police, said he had been ordered by the state fire marshal in Harrisburg, Pa., to determine the cause of the blasts which rocked the \$13,000,000 aviation gasoline refinery Thursday night.

The other probe was that of the Sun Oil company itself. Its president, Howard Pew, who estimated the damage at \$300,000 said: "We are making the most minute investigation of every phase of the operation at the unit. No evidence has been found indicating any carelessness."

Of the number injured, 63 remained in hospitals for treatment.

York Springs

York Springs—Mr. and Mrs. Harold A. Smith recently entertained their relatives, Mr. and Mrs. Charles Hershey, Pittsburgh.

The last of a series of three "Youth For Christ" rallies conducted at the local Community Hall took place Saturday evening when a "Bible Quiz" was a special feature of the program. Special music was presented with Douglas Baptists, Dillsburg, as soloist.

Newly chosen teachers of the Sunday school of the Church of God near here were installed at the Sunday school period on Sunday morning.

The James Myers family have come to this section from New York city where they had resided and will make their future home in this area. Mr. Myers is a son of Mr. and George Myers.

The W. H. and F. M. Society of the church of God of this section met at the church on Tuesday evening.

The local Girl Scout troop conducted its regular meeting Wednesday evening. Their present project is the furnishing of their new club room in the Ditzler's appliance store building. The Intermediate group has been refinishing chairs to be placed there and has been selling Christmas cards to defray the expense of this and their other project, the preparation of a float to participate in the coming Halloween parade of this place. Girls taking part in these activities are: Susan Ann, Helmy, Betty Darr, Joyce Day, Patsy Fair, Mary, Janet Bittinger, Carolyn Goehner, Rose Kempfer, Carole Koons, Peggy Long, Doty Miller, Marie May.

EAST BERLIN

East Berlin—Harry R. Fleming who left his summer home, "Broadwood Park," R. 2, for York some weeks ago and who has been seriously ill since that time, is recuperating at the home of his daughter, Mrs. George Siegel, Reading.

Mr. and Mrs. Carl E. Bubbs, Philadelphia, who recently announced the birth of a son, Robert Alan, were week-end guests of his parents, Mr. and Mrs. Arthur L. Bubbs, accompanied by the baby and by Mrs. Ruth Fischer, Philadelphia. Mrs. Paul Spangler, Red Lion, a daughter of the elder Bubbs, with Mr. Spangler and their two daughters, Patricia and Joyce, and son, Adrian, Miss Joanne Markey, also of Red Lion, and Mr. and Mrs. Joseph Bubbs, Lake Bluff, Ill., were also entertained at the Bubbs home during the week.

Jack Shetter, son of Mr. and Mrs. George L. Shetter, has resumed his studies at Penn State college, being accompanied there by his brother-in-law and sister, Mr. and Mrs. Richard O. Riggs and Mrs. Harris G. Schlosser. With them was also William S. Elgin, a son of Dr. and Mrs. Eugene Elgin, an army veteran, who also returned to his classes at the college where he had pursued a summer course since his discharge.

Miss H. Jane Mummert, daughter of Mr. and Mrs. Oscar G. Mummert, near Red Run church, was among those honored during the past week at an "Open House" program given at the York clubhouse of the YWCA of which Miss Mummert is the newly appointed director of the business, professional and industrial women's group.

Mrs. Raymond H. Fissel was appointed to represent the Women's Missionary Society of Trinity Lutheran Church at the Western Pennsylvania Conference to take place this month at St. Matthew's Lutheran church, Hanover.

Mr. and Mrs. Emanuel Linebaugh and daughter Shirley have moved from the J. W. Dull apartment to a house on the Jacobs Stock Farm west of town.

Mrs. Samuel Currens, Taneytown, has been visiting at the home of her daughter, Mrs. Eugene Elgin, and family. Mr. and Mrs. John Brady, Brunswick, Md., and Miss Elaine Smith, York, relatives of the Elgins, have returned home after a visit to them.

Margene Elizabeth is the name chosen for the infant daughter of Mr. and Mrs. David C. Krout, near town.

Mrs. Earl Stambaugh, who recently returned to the home of her parents, Mr. and Mrs. John Altland, after an operation at the Hanover hospital, is able to be about. Mrs. Stambaugh has been in poor health since the summer.

A group of local young people serenaded the recently married Mr. and Mrs. Eugene Elgin, Jr., during the past week. The bridegroom now has a position in Philadelphia. His bride is the former Miss Dorothy E. Miller, a teacher in the local high school's music department.

Mr. and Mrs. Jack Simmer, Towson, Md., spent the week-end with his parents, Mr. and Mrs. J. Harry Simmer.

Roxie, daughter of Mr. and Mrs. Claude Messinger, has been ill at her home with an attack of swollen glands.

The Rev. and Mrs. Paul Gladfelter, Jacobus, were entertained at dinner on Sunday at the home of Mr. and Mrs. Jacob Hollinger. The Rev. Mr. Gladfelter, formerly pastor of the local Lutheran church for eleven years, preached the homecoming sermon at the church on Sunday morning.

Monroe Kroft, Jr., Hanover, a grandson of Mr. and Mrs. A. U. Kroft, has enlisted in the army for a three-year period.

The family of Mrs. Annie Ruth recently tendered her a party at her R. 3 home in honor of her birthday. Guests were: Mr. and Mrs. Morgan Ruth, Mr. and Mrs. Titus Trostle, Mr. and Mrs. John Haar, Mr. and Mrs. Clayton Krout, Mr. and Mrs. William Krout, Mr. and Mrs. Samuel Altland, Mr. and Mrs. John Gruver, Mr. and Mrs. Andrew Altland, Mr. and Mrs. Ray Altland, Mr. and Mrs. Ervin Mummert, Mr. and Mrs. George Frank, Mr. and Mrs. Allen Burgard, Mr. and Mrs. Jonas Gruver, Mr. and Mrs. Harold Bosserman, Mrs. Wilson Bowman, Mrs. Grace Roland, Mrs. Carl Wolf, Mrs. Sue Bupp, Mrs. Archie Dollheimer, Mrs. Grace Myers, Mrs. Oscar Gruver, Mr. and Mrs. Lawrence Altland, the Misses Sylvia Craumer, May Jacobs, Geraldine Alleman, Joan Bosserman, Elaine Bosserman, Joan Myers, Virgie Burgard, Ada May Mummert, Betty Mummert, Mary Myers, Shirley Staub, Betty Gruver, Mary Miller, Madeline Miller, Norma Gruver, Ruth Gruver, Loretta Gruver, Ethel Brown, Janet Wolf, Mary Louise Altland, Helen Altland, Louise Altland, and Donald Ruth, George Gruver, Clair Myers, Kenneth Lease, Burnell Mummert, Adrian Rhinehart, Gerald Krout, Larry Krout, Harlan Resh, Gerald Rhinehart, Mildred Resh, Ray Resh, Lavere Resh and George Ruth.

LEGION BACKS SINGLE DEFENSE FORCE FOR U.S.

San Francisco, Oct. 5 (AP)—The American Legion, over the opposition of its naval bloc, added its voice today to those who endorse a single department of national defense embracing a unified command and equal status for the army, navy and airforce.

The Legion, concluding its first postwar national convention here yesterday, voted unanimously its approval of a resolution proposing a single department of national security in the President's cabinet. The vote followed a half-hour battle with opposition led by Massachusetts naval supporters.

Col. Paul H. Griffith of Uniontown, Pa., and Washington, D. C., was elected national commander without opposition, succeeding John Stelle of McLeansboro, Ill. Griffith, a veteran of World Wars I and II, made it plain in his acceptance speech that there would be no relaxation of the Legion's feud with Gen. Omar N. Bradley, the Veterans' Administrator.

Other Actions
The Legion will demand that Congress rescind the law which has "crippled the on-the-job training program as administered by the Veterans' Administration," Griffith declared.

In general, the tone of the Legion's actions indicated the course of the veterans' group in the coming year will follow closely that of the outgoing leadership.

The convention voiced a demand for retention of atomic secrets by the United States; expressed support for legislation to "correct labor-management chaos," calling for compulsory arbitration in labor dispute and accountability of labor unions; endorsed universal military training similar to that advanced by the War department except in the training period requirements; and took a position generally opposed to a World War II bonus at this time and rejecting support of pensions to World War I veterans over 50.

Drastic overhaul of the courts martial system and congressional creation of a reviewing agency for courts martial were advocated.

NO SHORTAGE OF LABOR IN PENNA.

Harrisburg, Oct. 5 (AP)—The U. S. Employment Service said today there has been a 40 per cent turnover in the last year in Pennsylvania's labor force which is now the greatest in state's history.

"Employed workers and job seekers today total 4,250,000," the service said in its monthly labor market letter. "This compares with a labor force of 3,800,000 at the end of the war."

USES at the same time estimated approximately 3,760,000 persons were gainfully employed September 1, indicating about 500,000 workers here without jobs.

Asserting changes in the year since the end of the war "have altered the entire character and composition of the labor force and supply," the USES said nearly 1,100,000 veterans and others have started to work or are seeking jobs while another 650,000 persons, mostly women, have withdrawn from the labor market.

It declared the present picture "indicates no over-all labor shortage exists," but added stringencies might be encountered in some skilled occupations or scattered localities, due to the immobility of the present labor force as a result of the housing shortage.

Extension Of Bus Service Is Refused

Harrisburg, Oct. 5 (AP)—The Public Utility Commission denied the application of the Schuylkill Valley Lines, Inc., for the right to extend its Norristown-Phoenixville bus service to the Valley Forge General hospital.

The commission noted yesterday that Homer H. Werner, operator of bus service between Phoenixville and the hospital, now makes 50 round trips daily and "all the evidence from several sources indicates that such service is now and has been entirely satisfactory."

ELECT BISHOP

Lancaster, Pa., Oct. 5 (AP)—Bishop A. W. Cooper, Reading, was re-elected bishop of the Evangelical Congregational church last night during the sixth general conference now being held at Little. Bishop Cooper had just completed a four-year term. Nine trustees for a proposed theological seminary at Myerstown are slated to be elected at the conference's session today.

TO WORK AGAIN

Hazleton, Pa., Oct. 5 (AP)—Miners employed at the Hazleton shaft of the Lehigh Coal company voted last night to return to work Monday morning, ending a walkout which started last Tuesday in a dispute over the reduction of hours to be worked by motor runners and packers.

Radar is being used to chart the courses of hurricanes and storms, providing time to warn large areas and save lives.

Seven Seek To Head AMVETS In Penna.

Lancaster, Pa., Oct. 5 (AP)—Seven veterans of World War II have announced their candidacy for the post of commander of the Pennsylvania Amvets.

The Amvets—American veterans of the recent war—are holding their second annual convention here. Governor Edward Martin, Jack Hardy, Los Angeles, Calif., national commander, and Maj. Gen. William G. Price, Jr., of Chester, are scheduled to address today's session.

The candidates for state commander are Charles S. Winters, Terre Hill; David Ludwig, Pittsburgh; Carl Mau, Marcus Hook; Charles Bowles, Reading; William A. Haney, Pittsburgh; Walter Elish, Cannonsburg, and Sam D. Francesco, of Johnstown. K. L. Shirk, Sr., of Lancaster, has announced his candidacy for national executive committeeman.

MARTIN DENIES ICKES CHARGE

Harrisburg, Oct. 5 (AP)—Governor Martin labeled as "utterly false and entirely without foundation" a charge made by former Secretary of the Interior Harold L. Ickes that his administration had failed to collect gasoline taxes from the Gulf Oil corporation.

The chief executive went on a specially arranged radio hook-up last night to declare that "as an individual I am not too much concerned with what they say about me, but when they bring in imported hatchet men to slander and to bring disrepute to an administration of which I am more than proud, I certainly intend to challenge their tactics."

Martin said the statements which Ickes made on the gasoline tax "were made solely on information furnished him by an ex-convict" whom he did not identify by name. In another address last night Martin said at a Harrisburg political rally that "there is not the slightest excuse for continuing war emergency controls into peace time."

Dr. Michelfelder To Address Lutherans

Johnstown, Pa., Oct. 5 (AP)—Dr. S. C. Michelfelder, executive of the Lutheran World Federation, arranged today to address the Women's Missionary Society of the United Lutheran Church of America at its annual convention here.

Delegates yesterday elected Mrs. J. B. Moore, Columbia, S. C., as national statistical secretary and Mrs. Charles A. Mathias, Catasauqua, Pa., as national recording secretary.

Dr. O. Frederick Nolde, dean of the graduate school of the Lutheran Theological seminary in Philadelphia, said in a speech "the task of organizing Christian power for world effort" is "of first importance in our day."

It is estimated that the total U. S. demand for petroleum products in 1965 will be 5,800,000 barrels daily.

NEW DEADLOCK IN HOTEL STRIKE

Pittsburgh, Oct. 5 (AP)—Failure of union officials to meet with a U. S. conciliator in a four-day-old strike against eight major Pittsburgh hotels today cast the wage dispute into a new deadlock with no future sessions slated.

Ira Breeze, secretary of Local 237, AFL-Hotel and Restaurant employees' Alliance, said John Kenny, local president, objected to assignment of Charles Ward to the case by the U. S. conciliation service. "I don't know what Kenny has against Ward, but he just doesn't like him, so no meeting was held," Breeze declared.

Meanwhile, the eight struck hotels continued limited operation. Employees seek 20-cents hourly wage boosts while the hotels have offered to up pay of non-tipped workers to eight cents and increase wages of tip-receiving employees four cents. The hotels said employees earn from \$30 to \$105 a month.

In another strike development, the conciliation service called a meeting Monday in attempts to end a two-day walkout of 45 office employees of the Potter McCune Co., food whole sale firm, in McKeesport. The workers seek bargaining rights for their union, the AFL-Grocery and Food Warehousemen's union.

In McKeesport, 40 taxicab drivers struck in support of demands for a 20-cent-an-hour pay increase.

Villanova Trounces Marquette, 26 To 13

Philadelphia, Pa., Oct. 5 (AP)—Villanova college, the past two weeks a punching bag for Army and Navy, trounced Marquette university 26-13 last night in a football game at Shibe Park before a crowd of 20,000. The Wildcats scored three of their tallies on Marquette bobbles. The Hilltoppers scored their points in the last quarter through the air against the Villanova reserves.

University Of Georgia Wallops Temple, 35-7

Philadelphia, Oct. 5 (AP)—Releasing a brilliant second-half attack, the University of Georgia, led by Charley Trippi, walloped Temple university's 35-7 in an arc-light football contest here last night. Trippi pleased a delegation from

his home town—Pittston, Pa.—which was among the 35,000 fans in the stands, by passing for one of the Bulldogs' touchdowns, setting up three others and cutting down Owl Back Phil Slosburg two yards from paydirt after Slosburg had romped 73 yards.

Temple scored their only tally in less than five minutes of play on a 51-yard dash by Bud Sutton.

IN MEMORIAM

In loving remembrance of our
daughter and sister, Geraldine E.
Stern, who passed away October 5,
1944.

A precious one from us has gone
A voice we loved is stilled,
A place is vacant in our home,
Which never can be filled.

God in His wisdom has recalled,
The boon His love had given,
And though her body slumbers here,
Her soul is safe in heaven.

By her parents and sisters,
Mr. and Mrs. Mervin Stern,
Marie and Helen.

TIMBER SUITABLE FOR PULPWOOD

The United States is a heavy im-
porter of pulpwood and wood pulp.
In fact, during war years when
transportation was overloaded with
the demands of our mammoth mili-
tary machine, we felt the pinch of
a paper shortage—reduced news-
papers, fewer magazines, wrapping
paper and bags gone from a store,
and a great national urge to
"save paper." These were evidences
that we are dependent on outside
sources for paper-making raw ma-
terials.

But there is no valid reason why
we cannot be self-sufficient in
paper. We have millions of acres of
land suitable for growing pulpwood,
and which will return a profit
through no other channels. Too, we
have considerable second grade tim-
ber which should be marketed for
this purpose. The following brief
observations are intended to assist
farmers who have timber which
they can sell for paper making.

First in disposing of pulpwood it
is advisable to get in touch with
the potential buyer. Each paper
manufacturer has specific needs—
wants certain kinds and types of
wood for particular purposes.

Pulpwood now includes almost all
species of timber. Sticks as small
as 4 inches in diameter at the little
end are acceptable. This fact indi-
cates that almost all parts of a tree
are marketable. Sticks above 12
inches in diameter should be split.

All knots are trimmed close and
the wood cut into 5-foot lengths.
Of course, no decayed portions are
included. Too, all bark must be re-
moved before shipping.

This requirement has a timely
phase. Farmers often go through
their woodlot at this time of the
year and mark trees they intend to
cut for firewood, lumber, posts and
other uses. The same practice is
advisable in choosing trees for pul-
pwood. Bark is easy to remove if cut-

heavy to small size, \$1-1.50.

Market firm. Receipts rather light. De-
mand good. Wholesale selling prices (in-
cluding commissions) in Baltimore:
ROASTERS, FRYERS, BROILERS AND
SPRINGERS—Colored, 50-55c, mostly
52-54c; Leghorns, few few sales to quote.
FOWLS—Colored, 35-40c, some 42c, few
higher; Leghorns, 25-28c, best, 27-28c.

Practically all sunflower seed oil
used in this country is imported
from Argentina. Sunflowers thrive in
the United States. They make ex-
cellent silage. The seeds are rich in
protein. The oil is becoming in-
creasingly essential in several man-
ufacturing lines. Perhaps all these
facts should be placed together and
our sunflower oil imports grown
here to benefit our own farms and
farmers.

Valuable minerals in addition to
such elements as nitrogen and
phosphorus are lost when shade
tree and shrub leaves are burned
or when livestock grazes the farm
woodlot. Nature's age-old method
was to turn these materials into or-
ganic matter and enrich and lighten
the soil with the annual supply.

Two new varieties of wheat now
grown commercially in California—
Poso 42 and Big Club 43—are pro-
ving resistant to Hessian fly. The last
named is resistant to stem rust,
bunt and root rot.

Aphids attack alfalfa more severe-
ly in alkaline soils than where soils
are neutral or slightly acid. High

MONDAY AND TUESDAY
Walt Disney's "Make Mine Music," the newest full-length technicolor feature produced by the wizard of animation, offers the breadth and daring with which he has ransacked the world of music and made a coherent, exhilarating whole from a bewildering variety of styles and schools.

The production runs the gamut from the symphonic to the swing idioms, from subtle satire in tone to the broadest of comedy, from deft paraphrase of traditional songs to the presentation of new melodies which are already formidable candidates for the hit parade.

The list of vocal performers is alone impressive, including Dinah Shore, Benny Goodman, Nelson Eddy, the Andrews Sisters, Andy Russell, Jerry Colonna, the King's Men, Ken Darby's Choir, and the Pied Pipers.

WEDNESDAY AND THURSDAY
Bob Hope and Joan Caulfield who head the cast of "Monsieur Beaucaire."

Paramount's "Monsieur Beaucaire," opens Wednesday at the Majestic theatre, with Bob Hope and Joan Caulfield starred, runs the gamut of comedy from a minimum of funny to a maximum of hilarious. The comedy version of Booth Tarkington's famous novel is a tongue-in-cheek romance of 18th century court life which makes a fine vehicle for the inimitable Hope brand of tomfoolery. The film takes Hope out of the 20th century, but he never forsakes his present day, rapier-like wit.

An excellent supporting cast includes Patric Knowles, Marjorie Reynolds, Joseph Schildkraut, Reginald Owen and Hillary Brooke.

GIVES CREDIT TO NEWSPAPERS IN SAFETY EFFORT

Harrisburg, Pa., Oct. 5 (P)—Thanks to a concerted newspaper campaign on highway safety, Pennsylvania's traffic fatality rate has dropped sharply in recent months, T. Elmer Transeau, director of the State Bureau of Highway safety, said today.

The first five months of this year saw highway deaths nearly double those for a like period in 1945, he declared, while fatalities since June when Keystone state newspapers threw their collective weight behind Governor Martin's highway safety campaign—have fallen below the rate for the same four months of last year.

The PNPA is making a series of awards to daily and weekly newspapers which best promote highway safety in a campaign to continue to the end of the year.

"Greatest Educational Force" Another speaker, Edwin J. Macewan, national business administrator of the American Cancer Society, also lauded the newspaper publishers for their role in publicizing cancer fund-raising programs.

"Newspapers have probably the greatest educational force that this world has ever known," he said in calling for a "year-round educational program to give the citizens of your county and your state information that will destroy the fear (of cancer) which is the result of ignorance."

In a discussion of circulation problems, George T. Bertsch, circulation manager of the Baltimore Sunpapers, said circulation departments must be considered as sales organizations, "not merely as places in the building where papers are bundled up and carted away."

"Your circulation department has your product to sell," he stated, "and the selling has to be done to voluntary purchasers as well as to involuntary ones."

30 PA. COLLEGE TEAMS TO SEE ACTION TODAY

By NOEL MAC CARRY
(Associated Press Sports Writer)
At least 30 Pennsylvania college teams were slated for action in gridiron games today with the intra-state spotlight focused on the Penn-Lafayette and Bucknell-Penn State contests.

The Quakers, bolstered by 43 returning lettermen, were favored to trample the Lafayette Leopards with little difficulty in their 52nd meeting. Some 60,000 fans were expected to jam Franklin field to see George Munger inaugurate the big Red and Blue's 70th season with what may turn out to be the greatest team in the annals of Penn football.

Renewing a rivalry that was broken in 1942, the Bucknell Bisons were much the underdog in their meeting with Penn State. There was little likelihood that the Bisons, beaten 21-0 last week by Cornell, could do much to spoil the Staters' opening day.

Little Guessing on Pitt
There was also little guessing about the outcome of the Pitt Panthers engagement at South Bend, Ind., with the Kelly-Green wave fielded this year by the University of Notre Dame. Pitt followers could only hope that Wes Fessler's team would hold the Irish power within respectable scoring limits.

Other games scheduled included Washington and Jefferson vs. Geneva, Ursinus vs. Drexel, Western Maryland vs. Gettysburg, Juniata vs. Westminster, Susquehanna vs. Haverford, Lehigh vs. Dickinson, Albright vs. Muhlenberg, St. Bonaventure vs. Scranton, Panzer vs. East Stroudsburg Teachers', Wesleyan of Connecticut vs. Swathmore, Waynesburg vs. West Virginia, West Chester Teachers' vs. CCNY, Bloomsburg Teachers' vs. Lock

TO THOSE WHO ARE WAITING FOR A NEW PONTIAC:

This message is addressed to the many Adams Countians who have been anxiously waiting for delivery of a new Pontiac automobile.

The Pontiac Motor Division was not able to build more than 24% of what was built for the same period in 1941. Thus all Pontiac dealers received less than 25% of the cars anticipated, all of which has been caused by circumstances in which we and the Pontiac company have no control. It is the direct result of shortages of materials and parts, and numerous work stoppages, some of which are still continuing.

However, the production picture seems to be improving. In August and September, Pontiac's output was the best since the war ended, although the total is still far short of normal operation, and the upturn is slow. We hope October will be better.

Meanwhile, if you have a car, keep it in good condition. We are extremely grateful for the patience which has been shown by the many people of Gettysburg and Adams County who have placed orders with us. Let us assure you that Pontiac is doing their level best to achieve normal production, which is the only answer to the difficult problem which faces all of us.

We trust the day will not be too far off when you will be the proud owner of a new Pontiac. We are sure you will agree that it is well worth waiting for.
